A VIEW THAT CHANGES EVERYTHING

EXTERIOR DESIGN

AN UNFORGETTABLE EXPERIENCE

From first glance it is clear, the new BMW M8 Competition Gran Coupé is the most elegant and uncompromising symbiosis of everything that BMW and the letter M stand for. Four doors testify to size and unsurpassed comfort for the driver and all passengers. A flowing roofline in a sophisticated combination with an elaborate, sculptural shoulder section underlines the sporty elegance of this exceptional vehicle.

INDEPENDENT TO THE CORE

Upon opening the roof, you are immediately greeted by elongated, flowing lines that adhere perfectly to iconic BMW proportions. When the roof is closed, a striking silhouette emerges that showcases the true elegance and dynamism, which is inherent throughout the new BMW M8 Competition Convertible.

A VIEW THAT CHANGES EVERYTHING

Even the perspective from the front immediately conveys an unmistakably powerful message: an M model approaches. The size of the air intake, that widens towards the bottom, and the lateral air intakes shows how immense the cooling requirements of the high-performance engine and brakes are. Every small detail amplifies the emotional experience of the new BMW M8 Competition Coupé.

INTERIOR DESIGN

INTERIOR WITH EXTERIOR EFFECT

M through and through – interpreted luxuriously. Even the first glance is rewarded: the illuminated M8 Competition lettering on the door sill indicates that an absolutely breathtaking experience is imminent. Despite its sports car genes, the lavishly designed interior of the new BMW M8 Competition Coupé sets new standards in luxury. Once the door is closed, this interior is perfectly complemented by pressing the red Start/Stop button. From this moment, the engine comes to life with a powerful bass.

THOROUGHLY M DESIGN. INTENSIVE POWER.

From the Red contrast stitching to the embossed M logo on the gear lever; the new BMW M8 Competition models showcase true racetrack credentials right at your fingertips. Euphoric M design sets the tone for M-specific driving technology. With BMW M xDrive and Active M differential, you can experience intensive athletic performance during everyday driving as well as at the racetrack.

A SYMPHONY FOR THE SENSES

Including 16 carefully positioned speakers, the optional Bowers & Wilkins Diamond Surround Sound System produces outstanding studio-quality sound for every seat in the vehicle. The system includes three Diamond Dome tweeters and an output of 1,400W. The mesmerising sound experience is accompanied by illuminations within the speakers that visually emphasise the outstanding sound quality.

When the BMW M8 Competition Convertible is stationary, the M8 badge on the headrest becomes illuminated. Its racing character becomes imminently clear. Particularly welcome during open-roof driving, the integrated Air collar creates optimum conditions, even at low outside temperatures.

INNOVATION

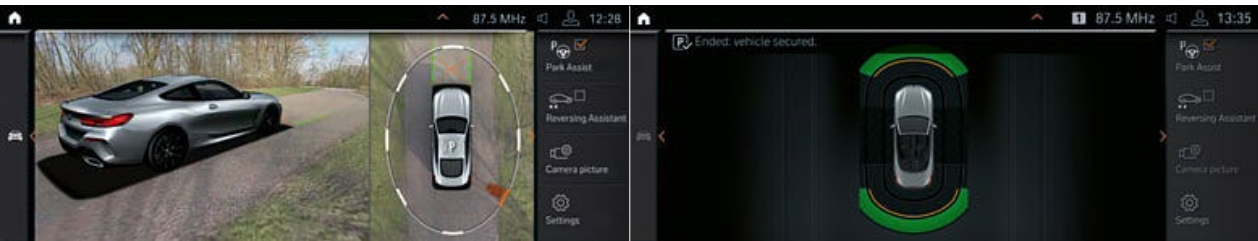

THE END OF ALL COMPROMISES

DRIVER ASSISTANCE HIGHLIGHTS

M xDRIVE WITH ACTIVE M DIFFERENTIAL

Experience intensive athletic performance during everyday driving as well as at the racetrack thanks to the M xDrive system available on the BMW M8 Competition. The M-specific technology smoothly distributes the drive power variably between the front and rear axle so that the vehicle reacts with extreme precision and stability, even during dynamic driving and inclement weather conditions, ultimately providing better control.

DRIVING ASSISTANT PROFESSIONAL

Driving Assistant Professional offers optimum comfort and maximum safety during monotonous or complex driving situations. It includes the functions of Driving Assistant as well as Steering and Lane Control assistant, Emergency Stop Assistant and Automatic Speed Limit Assist. Also available as part of Ultimate Package.

M HEAD-UP DISPLAY

M Head-up Display projects all information relevant to the journey directly into the driver's field of vision thereby allowing them to fully concentrate on driving. Current speed, navigation directions, Speed Limit Info including no-overtaking indicator along with telephone and entertainment information is displayed.

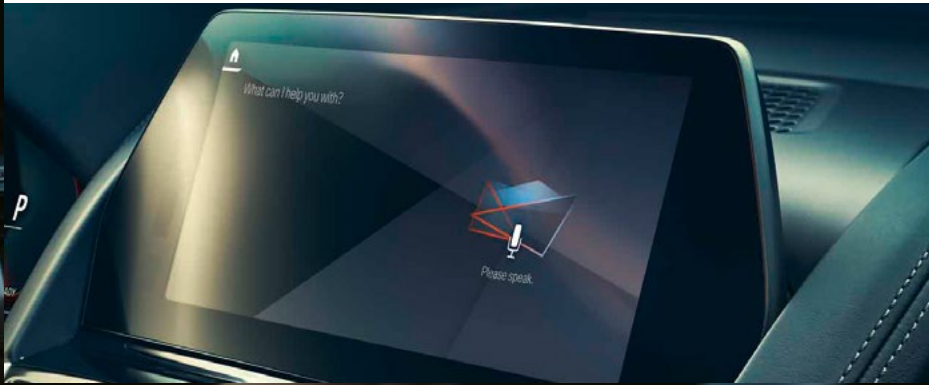

CONNECTIVITY AND INFOTAINMENT HIGHLIGHTS

BMW INTELLIGENT PERSONAL ASSISTANT

Communicate with your vehicle using the BMW Intelligent Personal Assistant. It knows you, gets better every day and helps out whatever the situation. You can assign your own personal activation word. It can explain everything about your car and helps you to get to know your BMW even better. Active and available for three years. Renewable thereafter.

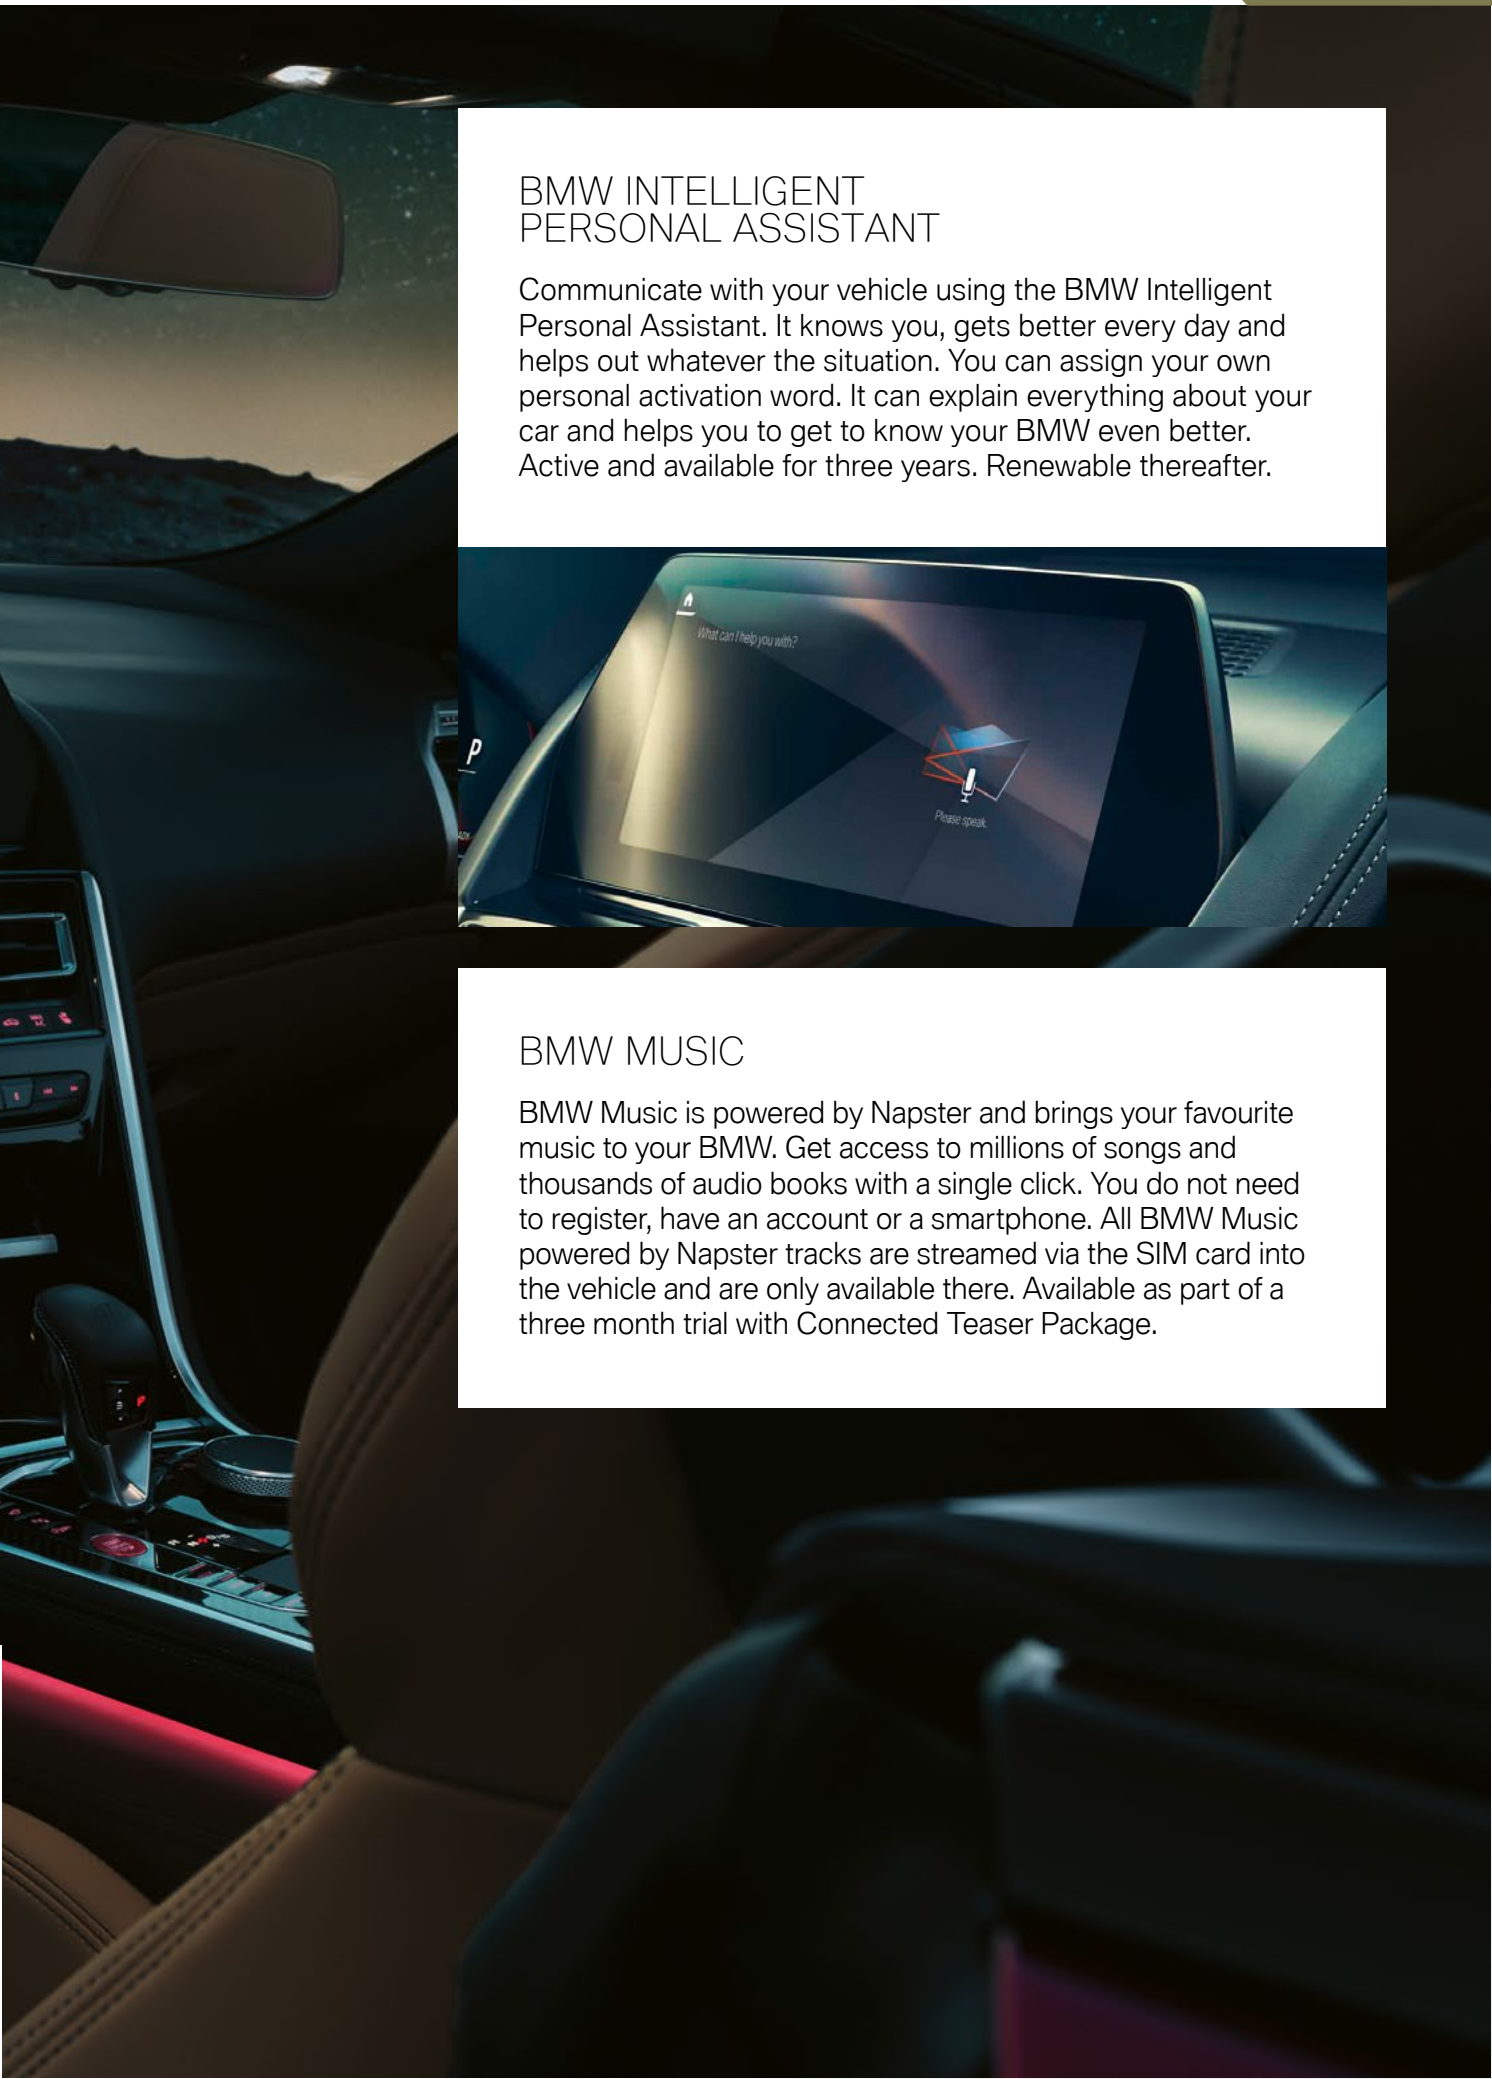

BMW MUSIC

BMW Music is powered by Napster and brings your favourite music to your BMW. Get access to millions of songs and thousands of audio books with a single click. You do not need to register, have an account or a smartphone. All BMW Music powered by Napster tracks are streamed via the SIM card into the vehicle and are only available there. Available as part of a three month trial with Connected Teaser Package.

BMW LIVE COCKPIT PROFESSIONAL

BMW Live Cockpit Professional equips your BMW M8 Competition with a fully digital 12.3" instrument display as well as a high-resolution 10.25" Control Display. Featuring the BMW Operating System 7.0, you are supplied with variable, configurable widgets that display information relevant to your journey in real time. For example, the navigation function allows you to track the current course of the road, view 3D landmarks and search for addresses and special destinations. This feature is complemented perfectly by the many BMW ConnectedDrive services available with Connected Package Professional.

COMFORT AND FUNCTIONALITY

HEAT COMFORT PACKAGE, FRONT

Optionally available, the Heat Comfort Package, for the first row of seats, always ensures maximum well-being for you and your passengers. In addition to the seat heating for driver and front passenger, heated armrests in the front doors and centre console are also available, as is steering wheel heating, which gives the steering wheel rim a pleasant temperature that is especially welcome during winter months.

FRONT MULTI-FUNCTIONAL SPORT SEATS

Multi-functional Sport seats for the driver and front passenger offer exceptional seating comfort and safety. Comprehensive adjustment possibilities ensure the seats can be optimally adapted to personal requirements by electric backrest width and manual seat depth adjustments.

IN-CAR EXPERIENCES

Your BMW Intelligent Personal Assistant will take care of you. It invigorates you when you are tired, relaxes you after a stressful day and adapts your vehicle's interior to suit your mood perfectly. With In-Car Experiences, which include the Caring Car Programmes and Experiences Modes, it makes sure that you feel relaxed on any journey.

GENERAL INFORMATION

BMW (UK) Ltd, Summit ONE, Summit Avenue, Farnborough, Hampshire, GU14 0FB (hereinafter referred to as “BMW”) provides the customer with certain vehicle-related information and assistance functions (hereinafter called “Services”) under the name of “BMW ConnectedDrive”. BMW collects, stores or processes car-related data in compliance with applicable law and only to the extent necessary to provide the Services. BMW does not collect, store or process personal data in course of the Services – except where this is explicitly stated in the service description of the individual Services. In the case of Services that require personal data to be collected, stored and processed so that such Services can actually be provided, BMW informs customers of this in advance by providing this data protection notice. The Services are provided by means of a SIM card installed in the vehicle.

DEACTIVATION

You can have the BMW ConnectedDrive services deactivated through an authorised BMW centre, a BMW subsidiary or a BMW authorised workshop at any time. This also has the consequence that aspects of the emergency call in the vehicle as well as all remaining Services will no longer function.

You can additionally arrange for the remaining Services to be deactivated via “My BMW ConnectedDrive”.

If the vehicle is equipped with the legally required EU Emergency Call (as from April 2018) a deactivation of the BMW ConnectedDrive basic services will not deactivate the vehicle’s built-in SIM card. It has to remain active, so that the EU Emergency Call is functional all the time.

Services that are available and active without runtime limitations, cannot be guaranteed for permanent usage due to potential future technical developments (of the Service availability and/or Smartphone compatibility/operating systems).
